

In Field Animal Tag Form Instructions (SOG)

Purpose: The “In Field Animal Tag” identifies an animal and its crate from the field to the temporary pet shelter

NOTE

- This is the only paper that should be attached to the crate in the field
- It should be placed where the animal cannot reach it as they will tear it apart.
- It can be placed in a page protector to protect it from the elements if need be.
- The tags should be printed on Avery labels
- The tags should be printed before going to the field

Write the date and time of field pick-up on the top right side of the tag

Location of Animal Pick-Up: fill in residence, business, shelter (or other organization), field, and address if applicable.

If owner’s and/or animal’s name is unavailable, enter “N/A” on those respective lines.
